

CALIFORNIA CANNED FRUIT

The most favored country in the United States in growing fruit, is California. Its valleys produce the most delicious varieties, and the choicest product of the most favored localities is gathered and packed for our store under our "Fidelity" and "Creme de Luxe" labels.

The Fidelity represents the highest standard or extra quality of medium size, perfect fruit, in heavy syrup. The Creme de Luxe covers the dessert grade of extra large fruit, particularly adapted for export, being firm fruit that will arrive whole in best condition.

Prices on both grades are quoted in our price list. We pay particular attention to uniformity and selecting the finest flavored fruit to be had, as there is a vast difference between the fruit of different localities.

Our experience of twenty years in shipping to individual consumers is at your service.

All Run Down

When your vitality is low, you are miserable all the time. Your nerves are weak and your appetite is poor. You have no ambition, and you are languid and depressed all the time.

What you need is a good strong tonic, as described by Mrs. H. Austin, of Wellington, New Zealand. She sends her photograph and says: "I was so weak and tired all the time that I could not sleep at night. Or, if I did sleep, I was as tired in the morning as when I went to bed. I was all run down. I then tried Ayer's Sarsaparilla. After taking two bottles I found myself greatly improved, and soon I was completely restored to health. I think it is a great family medicine."

AYER'S Sarsaparilla

There are many imitations "Sarsaparillas." Be sure you get Ayer's.

You will improve faster by using Ayer's Pills with the Sarsaparilla. Take just enough each night to have one good, free movement of the bowels the day following.

CURTIS ON VOLCANO ROAD.

Says Money for Repairs is not in Sight.

A. G. Curtis, Supervisor of Roads for Puna and the Olan road district, was in the city Tuesday. He called at the office and commended the TRIBUNE for the suggestion that a fund be raised by popular subscription to repair the Volcano Road between 25-mile and 28-mile. He said that the idea had been approved by several leading Olaaites and on the strength of this he came to Hilo to see what could be done here toward raising such a fund. Mr. Curtis believes that it would require from \$2,000 to \$3,000 to repair the bad stretch in the road. But after talking with a few Hilo merchants he considered that it would not be advisable to try to raise the fund. In other words the idea is not a taking one.

Mr. Curtis believes it would not be a wise plan to transfer his gang of men to the bad place in the road above 25-miles. At present, they are working at 19 mile, having fixed the Volcano road from the Hilo district line to that point, within the past six months. Mr. Curtis states that the only gravel pit available for surface material is at Waillili which would require a haul of from three to six miles. He says his present force could not make the requisite repairs short of six months without the aid of a rock crusher, a machine which the Department of Public Works has not been willing to send them.

Political Meetings.

An extract from the rules and regulations of the Republican Party organization in Hawaii reads as follows:

Precinct Clubs: Art. 1, Sec. 13. Each Precinct Club shall meet biennially at 7:30 p. m. on the second Friday in June, or upon the call of the District or Central Committee, or the executive committees thereof, and shall then make nominations for officers of the club; and on the fourth Friday in June they shall meet at the same hour and elect officers for the ensuing two years; and on the fourth Friday in July they shall meet at the same hour and make nominations for members of the District Committee and delegates to the Territorial Convention to be voted for at a primary to be held on the first Saturday in August between the hours of two and eight o'clock p. m., or upon the call of the Territorial Central Committee or its Executive Committee.

Rithet Sails.

The bark R. P. Rithet, A. McPhailmaster, sailed for San Francisco Tuesday morning with 32,000 bags of Onomea sugar and the following passengers: Mrs. D. W. Marsh, M. G. Goss, H. T. Judy, F. Kraemer, Gus. F. Rouse.

VERY IMPORTANT.

An Amendment to an Amendment in the U. S. Senate.

In the Senate, May 21, the Public Buildings bill passed by the House was under consideration. An amendment proposed by Senator Fairbanks of Indiana provided that "Hilo and Honolulu" of Hawaii be placed on the list of cities to be examined by the Secretary of the Treasury as to Government buildings.

"Let Honolulu come first. It is the capital," said Senator Foraker. "I accept the suggestion of the Senator from Ohio," said Senator Fairbanks. Let it read "Honolulu and Hilo."

"Are both to be Court Houses," inquired Senator Spooner from Wisconsin.

The Senator from Indiana said: "These are simply instructions to the Department to make an investigation as to Government buildings."

The amendment to the amendment was agreed to, and the amendment as amended was agreed to and Honolulu took precedence over Hilo on page 6130 of the Congressional Record.

Kona Estate in Good Shape.

Reports from Kona plantation are most favorable and indicate that the period of uncertainty has been passed for the estate. The cane now being taken off is entirely from the Holualoa lands, contiguous to the mill.

Owing to a scarcity of rain, there has not been enough water on the upper lands for the purpose of fluming cane down to the main line, but the prospects are for more rain very soon now. The mill is not entirely finished as some parts have been ordered from this city and will go back in the Mauna Loa. The railroad also needs some little work before it is done, but this is expected to be completed during the present week.

Up to the present time there have been manufactured and shipped some 4200 bags of sugar. This figure would have been much greater if the mill had been completed. There has appeared no evidence of dissatisfaction on the part of the laborers, but on the contrary all the work is being pushed ahead and the men are getting what they are entitled to out of the sales of sugar.

While the progress of the planting for the crop of next year was delayed by the action early in the spring, there is much work being done for the crop of 1904. There is some clearing going on and the planting of this new land will begin within the next two weeks. The land on which cane is now being cut will be cultivated for long ratoons for the same crop.

American Exchange Smashed.

New York, May 27.—The American Exchange has been smashed by an angry mob, says a Paris dispatch to the American and Journal. The proprietor, Donald Dowie, formerly of New York, had an altercation with one of his French employees. The latter was slightly intoxicated and refused to leave the premises, whereupon Mr. Dowie caned him severely. An angry mob quickly gathered, as is usual in Paris, and seeing blood flowing from a Frenchman, the crowd began by smashing the windows and finally wrecked the place. During the excitement 1000 people collected in the Rue Scribe.
